## Letter from the President

Dear Willow Park Green Neighbors,

It has been a long, HOT summer and school will start soon – hopefully there will be cooler weather on the horizon. The heat has caused landscaping to suffer but please keep your lawns and beds watered.

The Rental Limitation issue has been mentioned in recent HOA meetings. Efforts to arrange another vote on limiting the number of rentals in our neighborhood are being made – more information will be forthcoming.

There have been several inquiries about the Park Bench project – another option might be for several residents to go together to make a purchase. Please reply to the HOA e-mail if interested.

### DID YOU KNOW?

Prior to starting any improvement project, an ACC application is to be submitted for approval. In order to have a record, even if the improvement will match the current/existing condition, an application is to be submitted clearly stating the improvement will match the existing – materials and paint color as applicable.
